# Getting help towards the costs of supporting your family

There are benefits available through Social Security Scotland to help towards the costs of supporting your family:

- Scottish Child Payment
- Best Start Grant
- Best Start Foods.

You can apply for all of these benefits at the same time and we'll consider whether you meet the conditions of all of them individually. Using the same form to apply for all of these benefits will not affect whether or not you can get any of them.

If you've already applied for Best Start Foods or Best Start Grant separately, you can still use this form for Scottish Child Payment.

## **Decision on your application**

Anyone applying for Scottish Child Payment will not get a decision until after 15 February 2021. The first payments will reach families after 22nd February 2021. We're expecting a high number of applications, so payments might take longer.

---

# Scottish Child Payment

Scottish Child Payment helps towards the costs of supporting your family. It's a weekly payment of £10 which you can get for every child you look after who's under six years of age. You'll get the payment every four weeks if your application is successful.

It's up to you what you choose to spend the money on. You could use Scottish Child Payment for things like:

- travel costs
- nappies and other essentials
- childcare
- family days out.

Scottish Child Payment does not affect any other UK or Scottish Government benefits that you, or any person in your household, currently get. If you want to know how Scottish Child Payment might affect local authority allowances or grants, such as the Scottish Welfare Fund, you can contact your local authority at [gov.uk/find-local-council](http://gov.uk/find-local-council)

## Who should apply for Scottish Child Payment

You may be able to get Scottish Child Payment if all of the following apply:

- you live in Scotland
- you or your partner are getting certain benefits or payments
- you or your partner are the main person looking after a child who is under six years old.

The main person looking after your child (if any) might want to complete the application form, or use their bank details for payment.

Only one person can get Scottish Child Payment for a child. This means, if two people apply for the same child, we have a process of deciding who gets the payment. If you want to find out more about this, you can call us free on 0800 182 2222, or go to [mygov.scot/double-claims](http://mygov.scot/double-claims)

### Benefits or payments you or your partner must get

You can apply whether you're in work or not, as long as you're getting one or more of the following benefits:

- Universal Credit
- Child Tax Credit
- Income Support
- Pension Credit
- Working Tax Credit
- income-based Jobseeker's Allowance (JSA)
- income-related Employment and Support Allowance (ESA).

# Best Start Grant and Best Start Foods

## You can get Best Start Grant and Best Start Foods if:

- you have a child who's the right age for payment
- you're in work or not, as long as you're on certain payments or benefits
- you or your partner are the main person looking after a child.

You can use Best Start Grant payments to help pay for things like a pram, childcare or toys for home learning. They're all cash payments, so it's up to you how you spend the money.

Best Start Foods is a prepaid card that you can use online and in shops to buy healthy food.

## The three payments of Best Start Grant

Best Start Grant has three payments that you can apply for:

- the Pregnancy and Baby Payment
- the Early Learning Payment
- the School Age Payment.

### 1 Pregnancy and Baby Payment

You can apply for the Pregnancy and Baby Payment from 24 weeks pregnant. You have until your baby turns six months old to apply. This goes up to one year old if you've taken over looking after a child, such as if you've adopted.

You can apply whether a child is your first or not, as long as you apply when your baby is the right age. If you can get the Pregnancy and Baby Payment for your first child, you'll be paid £600.

You'll be paid £300 for any child that comes after your first.

If your baby was stillborn, or your baby died after they were born, you can apply up to six months after their birth date. If you've taken over looking after a child, you can apply up to 12 months after their birth date.

Your first child is your oldest child under 16. Your first child can be a stepchild or a child you've taken over looking after, if they're your oldest child under 16.

### If you apply for twins and have no other children under 16

Only if one of the babies is your first child	Your payment for 2nd twin	Extra payment for twins	Total
£600	£300	£300	£1200

### If you apply for twins and have other children under 16

Your payment for 1st twin	Your payment for 2nd twin	Extra payment for twins	Total
£300	£300	£300	£900

If you have triplets, you'll be paid an extra £300 on top of what you get for twins. £1500 if you do not have any other children under 16, £1200 if you do.

## 2 Early Learning Payment

You can apply when your child is two years old. You have until they turn three years and six months old to apply.

If you get the Early Learning Payment, you'll be paid £250 for each child you can get the payment for. You can only be paid once for each child you look after.

If you want to apply for both Best Start Grant and Best Start Foods at the same time, you only need to fill in this form once.

If you need to apply for one payment now and another in a few months, fill in the form now and then fill in a new form when you're ready to apply again. You should use the Best Start Grant and Best Start Foods only form when you do this. You can get this form from [mygov.scot/best-start-grant-form](http://mygov.scot/best-start-grant-form)

## 3 School Age Payment

When you need to apply for the School Age Payment depends on when your child was born:

<b>Your child's date of birth</b>	<b>When you need to apply</b>
Between 1st March 2014 and 28th February 2015	Between 3rd June 2019 and 29th February 2020
Between 1st March 2015 and 29th February 2016	Between 1st June 2020 and 28th February 2021

You cannot apply before or after these dates.

If your child was born later than February 2016, you'll be able to apply after May 2021. You cannot apply for the School Age Payment for a child born before 1st March 2014.

If you get the School Age Payment, you'll get £250 for each child you're able to get the payment for.

## Best Start Foods payments

You can apply for Best Start Foods when you're pregnant, or any time up to your child turning three years old.

**The payments of Best Start Foods are:**

- £17 every four weeks during pregnancy
- £34 every four weeks from your child being born, up until they're a one year old
- £17 every four weeks between the ages of one and three.

You can find out more about how you can use your Best Start Foods payment by visiting [mygov.scot/best-start-grant](http://mygov.scot/best-start-grant)

## What affects whether you can apply

If you're under 18, you do not need to be on any payments or benefits to apply for Best Start Grant.

For Best Start Foods, you do not need to be on any payments or benefits to apply if you're under 18 and your baby is under one. For a child older than one, the rules are the same for a parent who's over 18.

## Who should apply for Best Start Grant and Best Start Foods

### If you're a parent over 18

You can apply whether you're in work or not, as long as you or your partner are getting one of these:

- Child Tax Credit
- Universal Credit
- Income Support
- Pension Credit
- Working Tax Credit
- Housing Benefit
- income-based Jobseeker's Allowance (JSA)
- income-related Employment and Support Allowance (ESA).

If you get Child Benefit, you must also get one of the benefits or payments from this list to get Best Start Grant or Best Start Foods.

If your carer is the person in your household who gets one of these benefits, you must also give their details. You can do this on page 15.

Most people who get JSA or ESA get income-based JSA or income-related ESA. If you're not sure which one you get, tell us the one you think you get when you're asked in the form. We can check this for you.

For Best Start Grant, we do not need to know about your income. For Best Start Foods, some of the benefits have an income limit.

### Best Start Foods and income limits

The benefits you need to be on to get Best Start Food are the same as Best Start Grant, but some of the benefits have an income limit.

The benefits that have an income limit are:

- Universal Credit – if you or your partner have a job, your joint income from working must be less than £610 a month, after tax and National Insurance – Universal Credit payments are not counted as part of this
- Child Tax Credit – you and your partner's joint income must be less than £16,190
- Working Tax Credit – only counts if you also get full Child Tax Credit and your income is less than £7,320 per year
- Housing Benefit – the weekly income of you and your partner must be no more than £311.

### If you're 18 or 19 and do not get any benefits

You can still apply for Best Start Grant or Best Start Foods if you're named on your parent or carer's claim for:

- Child Tax Credit
- Child Benefit
- Universal Credit
- Pension Credit.

When you apply, you'll need to enter your parent or carer's details on page 15 of this form.

For Pregnancy and Baby Payment and Best Start Foods, your parent, carer or a partner of your parent or carer can apply instead of you.

You can apply for Best Start Grant and Best Start Foods at any age. This includes if you're under 16.

## **If you're under 18**

If you're under 18, you do not need to be on any payments or benefits to get Best Start Grant.

For Best Start Foods, you do not need to be on any payments or benefits if you're 18 and your child is under one. For a child older than one, the rules are the same as they are for a parent who's over 18.

If you're applying for the Early Learning Payment or the School Age Payment, you must apply yourself.

You can apply for the Pregnancy and Baby Payment in one of two ways:

- apply yourself
- someone else can apply for you as long as you're named on their Child Benefit, Child Tax Credit, Universal Credit, or Pension Credit claim.

If you're between 14 to 18 years old, you have the same choice when applying for Best Start Foods.

## **If you're under 14 and applying for Best Start Foods**

If you're under 14, pregnant and want to apply for Best Start Foods, you'll need to get your parent or carer to apply instead.

---

# If you're not sure whether you're the main person looking after a child

You can apply if you're the main person looking after a child, such as if you're:

- the child's birth parent
- living with the birth parent and both of you are a couple, married or civil partners
- the child's kinship carer or your partner is a kinship carer.

## Confirming you're the main person looking after a child

To show you're the main person looking after a child, the child must be named on either your or your partner's claim for one of these benefits:

- Child Tax Credit
- Child Benefit
- Universal Credit
- Pension Credit.

If you or your partner are kinship carers, you need to have something to show you look after the child. This can be either:

- a letter from your local authority
- a copy of a legal order.

If you're an adoptive parent and applying for Best Start Grant or Best Start Foods, you can also send a copy of either of the above forms of information. This does not apply to adoptive parents applying for Scottish Child Payment.

For Scottish Child Payment, you'll need a copy of one of these legal orders:

- a Kinship Care Order
- a Compulsory Supervision Order
- a Residence Order
- a Permanence Order
- a Guardianship Order.

If you're applying for Best Start Foods or Best Start Grant, you can send a copy of any of the above legal orders or one of these:

- a Parental Order
- an Adoption Order.

For Best Start Grant and Best Start Foods you cannot apply for a child if they're in residential care or you're their foster carer. This is because it's the role of your local council to provide support.

---

# Before you apply

## To complete this form, you'll need:

- a due date, if you're expecting a baby
- the dates of birth of any children you have
- your partner's details, if you have a partner
- your bank details.

If your current benefits are not being paid into a bank account because you do not have one, we can pay you in the same way you're being paid for other benefits.

You should also be able to give your National Insurance number. If you do not give your National Insurance number your payment could be delayed.

If you do not have a bank account but would like to set one up, please visit: [citizensadvice.org.uk/scotland](https://citizensadvice.org.uk/scotland) for more information.

## If you need to send a copy of a certificate or legal order

You can send or upload photos or scans of any documents you need to send us. There are details of how to do this at the end of the form, on page 29.

If you need a prepaid envelope to return this form or photocopied documents to Social Security Scotland, call us free on 0800 182 2222 and we'll send you one.

You should avoid sending original certificates or legal orders. It can take us a while to return anything you send. You can send your documents together with this form.

This is only if you want to apply for the Pregnancy and Baby Payment or Best Start Foods for someone who's:

- Pension Credit.

You can also apply if you have a legal order showing that you look after the person. For more information about legal orders, go to page 8.

## If you look after someone who's under 20 and they're either pregnant or a young mother

If not, go to page 12.

You cannot apply for the Early Learning Payment or School Age Payment for someone who's under 20 and a young mother. They must apply themselves. This page is only for those applying for Best Start Grant Pregnancy and Baby Payment or Best Start Foods. It does not apply to Scottish Child Payment.

# Equalities Survey

This is a survey where we will ask you information about yourself. **You should return this form alongside your application.** Your answers to these questions will not affect the decision we make and will not be seen by anyone making decisions about your application.

The information that you give in this Equalities Survey will be used to help us understand who is using our services and to find out if any groups of people are having a different experience when dealing with us. If they are, we will make changes to the application process to make sure that everyone who applies is treated with dignity and respect.

We will use some information, your post code and date of birth, to link to the outcome of your application. This will help us to see if there are any patterns in application outcomes for different groups of people.

**Please remember that you should answer the questions about yourself and not anyone you are applying on behalf of. You can respond 'prefer not to say' at any time, for any question in this survey.**

For each question, please place a cross in the box/boxes next to the answer that is accurate for you.
