

Returning to school and early learning and childcare.

As children begin to return to schools and childcare settings, there are 5 important steps to follow to help our schools and childcare settings stay open.

5 important steps

Please wear a face covering at drop off / pick up.

Make it easier to keep 2 metres apart from other adults by choosing one parent to do drop off / pick up.

Keep 2 metres apart from other adults whether you are waiting for your child, or walking to or from school or their childcare setting, and avoid gathering in groups with other parents.

Avoid car-sharing and limit use of public transport.

Self-isolate if anyone in your household has symptoms. Follow the Test and Protect guidance on self-isolation and testing.

Protecting all of us, takes all of us.

We know you may have lots of questions or worries as your children begin to return, and that is perfectly natural. For up to date information, support and advice visit parentclub.scot
